MedShare is proud to present you with this opportunity to sponsor **HumanKind 2026** and invest in our mission to help our charitable healthcare partners increase access to quality care for the most vulnerable among us. All while reducing harm to our environment through the recovery and redistribution of surplus medical supplies and equipment used to bolster under-resourced health systems around the world.

This special evening is a wonderful networking opportunity with like-minded individuals who care about health equity. It will play an important role in raising critical funds needed to deploy MedShare's programs and services that impact medically-challenged communities. The net proceeds from **HumanKind** will help bridge the ever-growing gap in access to quality care for all.

HumanKind 2026 is Chaired by John Amat & Hosted by our Board of Trustees
